Course Description: This summer, come together with other teachers and delve into the realm of evolutionary biology. In this five-day course, you will have the opportunity to learn how the organisms that make up the diversity of life on earth are intricately intertwined. See how species around us are shaped by processes that we can see in action today. Spend time at the Dinosaur National Monument to obtain a glimpse of how life in the past was shaped. This course can be used for Zoology endorsement credit.
